

# RIMIYA RIMSHI K M

## Data Analyst | Power BI |SQL |Python

Kannur, Kerala, India | +91 9544023765 | [rimiyarimshi07@gmail.com](mailto:rimiyarimshi07@gmail.com) | [linkedin.com/in/rimiya-rimshi-k-m](https://www.linkedin.com/in/rimiya-rimshi-k-m) | [github.com/rimiya366](https://github.com/rimiya366)

### PROFESSIONAL SUMMARY

Data Analyst with hands-on experience in business intelligence, data analysis, reporting, and dashboard development across sales, inventory, HR, marketing, and operational datasets. Proficient in SQL, Excel, Power BI, Tableau, Python, and Power Query, with experience in data cleaning, validation, ETL, KPI analysis, trend analysis, data modeling, and business reporting. Experienced in transforming large datasets into actionable insights to monitor performance, identify trends and support data-driven business decisions.

### TECHNICAL SKILLS

**SQL & Programming:**SQL,MySQL,Python

**Data Analysis:**Pandas, NumPy, EDA, Data Cleaning, Data Preprocessing, Data Validation, Data Interpretation, Trend Analysis

**Business Intelligence:** Power BI, Tableau, Microsoft Excel, DAX, Power Query

**Reporting & Analytics:** KPI Analysis, Dashboard Development, Business Reporting, Operational Analytics, Performance Analysis

**Data Management:** ETL, Data Modeling, Data Pipelines

**Statistics & Machine Learning:** Statistical Analysis, Scikit-learn, Classification, Regression, Cross-validation, Supervised & Unsupervised Learning

**Tools:** Git, GitHub, VS Code, Jupyter Notebook, Google Colab

### WORK EXPERIENCE

#### Techolas Technologies Pvt. Ltd.

Calicut, Kerala

*Data Science Trainee*

*Aug 2025 – June 2026*

- Analyzed 30,000+ records using SQL, Python, and Power Query to identify trends and deliver actionable insights for data analysis and business reporting.
- Delivered 7+ Power BI and Tableau dashboards covering sales, inventory, HR, and operational KPIs, supporting performance monitoring and data-driven decision-making.
- Optimized Power BI reports using DAX, data modeling, relationships, calculated columns, measures, KPI cards, and slicers for structured business reporting.
- Implemented data cleaning, transformation, and data validation workflows using Python, SQL, and Power Query to improve report accuracy and consistency.
- Translated analytical requirements into dashboards and reports by collaborating with mentors, validating results, presenting insights, and incorporating feedback.
- Interpreted datasets through EDA, statistical analysis, and visualization using Pandas, NumPy, Matplotlib, and Seaborn to identify trends and support business decisions.

### PROJECTS

#### Marketing Campaign & Customer Insights Analytics | *Python, Pandas, SQL, Power BI, DAX*

- Analyzed 2,240 customer records using Python/Pandas and SQL to identify purchasing behavior, campaign response, channel performance, and actionable customer trends.
- Applied RFM analysis and customer segmentation to identify high-value customers and retention, nurture, and win-back opportunities.
- Developed an interactive Power BI dashboard with DAX-driven KPIs for customer segments, campaign engagement, response rates, and recency analysis.

#### Retail Inventory Management & Sales Analytics | *Power BI, Power Query, Python*

- Analyzed and cleaned 73,000+ retail records using Python and Power Query, resolving missing values and data-type inconsistencies for reliable reporting.
- Built a three-tier Power BI report with DAX, data modeling, relationships, measures, and KPI cards to monitor revenue, inventory, stockouts, forecasting, and product performance.
- Identified a 65% overstock surplus caused by demand over-prediction and reported 93.89% forecast accuracy to support inventory and replenishment decisions.

#### Machine Learning Projects | *Supervised & Unsupervised Learning*

- Developed an Adult Income classification pipeline using feature engineering and Logistic Regression, Random Forest, and XGBoost, achieving 85–87% accuracy.
- Developed a misinformation intelligence pipeline using Sentence Transformers, UMAP, HDBSCAN, and Qwen 2.5 for semantic clustering and outlier detection.

### EDUCATION

#### Kannur University

Kannur, Kerala

*Bachelor of Science in Computer Science*

*Graduated: May 2025*

### CERTIFICATIONS & ACHIEVEMENTS

**Data Science Training Certificate** (Techolas Technologies) | **Fundamentals of ML & AI** (AWS Skill Builder)

**Data Analytics Job Simulation** (Deloitte Australia) | **One Million Prompters Initiative** (Dubai Future Foundation)
